**Attachments:** USS Lead clean properties 4.26.17.xlsx; USSLead\_Z2\_Z3\_Info\_for\_East\_Chicago\_2016\_042517.xlsx

William,

Per our phone conversation, please find attached 2 excel spreadsheets with the information you are requesting.

- 1) Spreadsheet named "USS Lead Clean Properties 4.26.17". There are 3 tabs to this spreadsheet: (1) sampled, clean; (2) no soil, not sampled; (3) fully remediated.
- 2) Spreadsheet named "USSLead\_Z2\_Z3\_Info\_for\_East\_Chicago\_2016\_042517". This spreadsheet contains the properties in both Zones 2&3 that were remediated in 2016.

Please give me a call with any questions.

Thx  
 Dan

This email is serving as verification that we are on the same page. I have been sent information on upcoming properties scheduled for remediation, which is great! But at this time the City really needs information on Homes that have already been remediated and those that don't require remediation. Addresses and contact information is enough to get us started for now. We need this information so that we can move forward with our waterline replacement project. Meter

locations, valve and basement check off's is additional information that further helps the City. Contact me anytime if you have questions or If I need to sign any more documents. We really do appreciate your help. Thanks

Just checking in on the information. Was there a confirmation? Thursdays at 3:00pm works for me.

**Subject:** LSL coordination meeting and project updates

Hi Will,

We are checking with Jaime to make sure the information you requested was sent to Carla. We'll confirm that this afternoon.

Also, I know we briefly talked about have in a weekly meeting to provide project status updates. Have you determined if there is a preferred date or time? I was planning on having Greg Crowley and some of the IDEM folk participate in those meetings. We can stick with Thursdays at 3pm, if that works for your schedule.

Thanks,

Jacob Hassan
